

## IPG Critique Night 2017-18 [rev. Nov 29, 2017]

Island Photo Group has Image Critique Night the first Monday each month. We will be showing your images on our **HIGH RESOLUTION 4K TV**, so they will look their best! Critique Night is an opportunity to get feedback on your images in a friendly, non-competitive atmosphere. Feel good, there are no rigid rules.

**Schedule 2017-18:** Dec 4, Jan 8, Feb 5, Mar 5, April 2, May 7

**Subject:** Any subject in good taste. Feel free to develop a theme.

**How Many:** Please limit to 5.

**Image Format:** JPEG, at least 3840 pixels on the long side. A 16:9 aspect ratio will fill the screen, other aspect ratios are fine and will show with black borders. If you have a VERTICAL image be sure to add 'V-' at the beginning of the filename, and we will try to accommodate.

**Slideshow/Movie/PowerPoint(packed):** Choose any presentation method you like – the limit is time, not # of images – 5 minutes. MP4s play well. If you have an unusual format consider bringing you own display device with HDMI output (phone, tablet, laptop, etc.) to hook to our TV. MP4s can be on a USB stick.

**Prints:** Prints, if you wish, will be displayed on a table.

**Filename:** PUT YOUR NAME FIRST, a '-' and the image title. Prefix with 'V-' for verticals. (eg. TomCrosley-MyPicture.jpg, or V-TomCrosley-MyVerticalPicture.jpg)

**Submission:** By the Friday Night before Critique Night, Use the link below to upload your pictures. Remember: at least 3840 Pixels on the long side, jpeg. If you are stuck, put your images on a USB thumb drive and bring them to the meeting. [\*\*CLICK HERE TO UPLOAD YOUR ICN IMAGES\*\*](#)
